

Bureau of Health Care Services
Pharmacy Technician Law FAQ
(PA 285 of 2014)

1. When does this new pharmacy technician law come into effect?

This new law is in effect beginning December 22, 2014.

2. When am I required to be licensed as a pharmacy technician in order to engage in the practice of pharmacy in Michigan?

An individual shall not engage in the practice of pharmacy or serve as a pharmacy technician unless licensed. **BEGINNING JUNE 30, 2015**, an individual shall not serve as a pharmacy technician unless licensed.

3. Does the new law contain any prohibitions?

If you are performing services cited in MCL 333.17739, then you must obtain a pharmacy technician license. For more detailed information, please refer to the following link: <http://legislature.mi.gov/doc.aspx?mcl-333-17739-added>

4. When can I start the application process?

On the effective date of the new law, December 22, 2014.

5. Where can I download application forms?

Please visit our website link:

http://michigan.gov/lara/0,4601,7-154-35299_63294_27529_27548---,00.html

Look for the Pharmacy Technician applications under the heading, *"Licensing Applications and Forms."*

6. Is there a deadline when the pharmacy technicians are required to be licensed?

Pharmacy Technicians are required to be licensed beginning June 30, 2015.

7. If I currently hold a full or limited license am I required to renew the license in June 2015?

Licenses issued *on or before* March 2, 2015, will expire on June 30, 2015, and will be required to be renewed by this date. The renewed license will be valid for a two-year period, with an expiration date of June 30, 2017.

Licenses issued *on or after* March 3, 2015, will fall into the new license cycle, with an expiration date of June 30, 2016.

8. Is a temporary license renewable?

No. A temporary license is not renewable. The temporary license expires 210 days after the date the temporary license is issued.

9. What license types are available?

- Full licensure
- Limited licensure
- Temporary licensure

10. Do I have to take an examination if I was employed as a pharmacy technician by a pharmacy on December 22, 2014 and have continuously been employed by that same pharmacy since December 22, 2014?

An examination is not required if you meet the qualifications for a limited license. **To qualify for a limited license**, you will need to document satisfactory employment of at least 1,000 hours for a two-year period preceding the date of your application.

11. What documentation do I need if I am employed as a Pharmacy Technician and assigned to more than one location as of the effective date of the Act?

As part of your limited license application, your employer will be required to complete the affidavit portion of the application. Employers are required to list all locations as of December 22, 2014.

12. If I obtain a limited pharmacy technician license, and change employers, will this limited license remain valid?

Your limited license will no longer be valid if you do not remain employed by the same pharmacy as initially reported by your employer on the affidavit portion of your limited license application.

13. What are the new pharmacy technician licensing requirements?

- Submit a complete application form
- Graduate from an accredited high school or GED
- Complete a Criminal Background check specifically for your license application.
- Passes either of the following:
 - The certified pharmacy technician examination given by the pharmacy technician certification board.
 - The certified pharmacy technician examination given by the national health career association.

14. How does a pharmacy technician obtain a temporary license?

Individuals may apply for a temporary license if he or she is preparing for one of examinations listed below:

- The certified pharmacy technician examination given by the pharmacy technician certification board.
- The certified pharmacy technician examination given by the national health career association.

The temporary license expires 210 days after the date the temporary license is issued.

15. Does the pharmacy technician need to keep his/her certification up- to-date as well as the license?

Maintenance of certification is not a requirement for state licensure as a pharmacy technician. You may wish to check with your employer to determine requirements for continued employment.

16. How many clock hours are required for an educational program?

There are no specific educational requirements for a pharmacy technician program. Applicants are required to either graduate from an accredited high school or have obtained a GED.

17. I am a student in a pharmacy technician program. Do I need to be licensed?

MCL 333.16171 provides that a student in a health profession training program, which has been approved by the Board, while performing the duties assigned in the

course of training is not required to obtain a license. The Board is in the process of promulgating rules that will define an approved program.

18. Will I need clock hours to be grandfathered in?

There is no grandfathering of pharmacy technicians. Please review the qualifications for a limited license.

19. How do you get nationally certified?

National certification is not a state of Michigan licensure requirement. You may wish to check with one of the certifying agencies that offer the appropriate examination listed under question number eleven.

20. Who can I contact for more information?
